Creating Excellent in Tutoring

June 13, 2011

Clifford Ketteborough
6458 N. Lemon Avenue
San Gabriel, CA 91775-1807

Dear Clifford:

Congratulations on your certification by the American Tutoring Association!

You have met all the requirements to become a certified tutor and can use this credential to enhance your qualifications as an academic tutor.

Enclosed is a copy of your Identification card which has your ATA Identification Number that your clients can use to verify that you have met the following requirements:

1. Hold a minimum of a Bachelor's Degree
2. Provided at least 2 professional references
3. Successfully passed a 3-tier criminal background checking including
 - a. Social trace
 - b. Felony record review
 - c. Social Security Verification
 - d. National Sex Registry Review

Please visit www.americantutoringassociation.org for updates and to refer clients to verify your certification status with the ATA.

We are pleased to have you as a member of the American Tutoring Association.

Sincerely,

Tutor Certification

Our Mission

American Tutoring Association
is a 501C(3) organization.

Our mission is to create a
National Standard within the
tutoring industry through ATA
Certification and provide ATA
Certified tutors with the support
they need to be their very best.

Building Scholarship to Help All Children Succeed!

The American Tutoring Association is dedicated to making sure all children who need tutoring are able to receive it. Our Foundation Scholarship Fund was established to provide children in need with private tutoring scholarships. Scholarship funds are raised through the support of ATA Certified Tutors, private donors and local businesses.

To help all children get the academic help they need call the ATA toll free at 800-834-3604 or visit our web site at www.americantutoringassociation.org.

Setting Standards Nationwide!

Despite the popularity of tutoring in the United States, no standards have been set to help parents determine who might be best suited to work with their children.

American Tutoring Association has established stringent, yet reasonable, standards that illustrate an individual's ability to work independently with a child in a particular course of study.

ATA Certification Ensures Quality:

- Initial interview.
- Verification of past successful tutoring experiences.
- Verification of education experience (minimum Bachelor's Degree)
- Receipt of Letter of Recommendation.

ATA Certification Ensures

Security:

- Two professional reference check.
- Three-tier criminal background check including Department of Corrections and Sex Offender
